Japanese Embassy informally notified afternoon June 18 present status FCN Treaty. Informed further of concern some quarters outside Executive Branch RE professions clause as particularly applicable lawyers, which might give rise to request for reservation. This point deprecated as mere possibility and hope expressed Treaty would be ratified by July 31. Embassy officer noted several FCN treaties long pending and gave personal view Foreign Office might not press for Diet ratification now if same fate awaited Japanese treaty.

While appreciated Diet opposition might be strengthened by knowledge possible Senate reservation, information given Japanese Embassy provides no solid basis for passing such information to Diet.
